

Looking for lexile scores?

Now you can search in our catalog using your child's lexile score. On the main page of the catalog under "Enhanced Keyword" type in the word "lexile" followed by your child's score. For example:

Lexile 910

This will bring up a list of books which you can then sort by the COLLECTION on the left hand side. Remember that lexile scores do not reflect on the appropriateness of the book for your child . Books may range from the preschool room to the adult collection. Only you can pick the right book for your child.
